Belfast Health and Social Care Trust

#### II.2.4) Description of the procurement

Procurement of HLA Antibody Detection and Identification

#### II.2.5) Award criteria

Price

## II.2.11) Information about options

Options: No

#### Section IV. Procedure

## **IV.1) Description**

#### IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
  - absence of competition for technical reasons

#### Explanation:

No other reasonable alternative exists for this procurement and this service is critical to patient care and service delivery. This procurement is both essential and critical in supporting the long-term/optimum graft survival of renal transplant patients.

A replacement in the short-term is not a reasonable alternative as it would require extensive and robust validation and verification work in line with laboratory accreditation standards - UKAS ISO15189 that would result in significant disruption and disproportionate technical difficulties that would significantly impact on patient safety and the Trusts ability to deliver services. A new contract 4535237 has been awarded and the equipment is currently undergoing validation, this DAC is required to ensure service continuity until full implementation of the contract.

## IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

## Section V. Award of contract/concession

#### **Contract No**

DAC
