Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

Emergency Provision

It is a Mandatory obligation from Ofgem for the services described in - Emergency Pipeline Services. Monopoly service from legacy of network sale with National Grid. At point of sale, National Grid established PMC Ambergate (branch of National Grid) to continue providing the specialist services.

Non -Emergency Direct Award

2 of the non-emergency elements must be awarded directly to National Grid due to how specialised the requirement is in line with the above.

Non - Emergency Short Term

The provision for the non emergency services will be directly awarded to National Grid for a period of 10 months to allow an above threshold tender event to be carried out in line with UCR 2016 contract regulations. An EOI was published in Nov 21 to engage with the market.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section V. Award of contract/concession

A contract/lot is awarded: Yes

V.2) Award of contract/concession

V.2.1) Date of conclusion of the contract

17 December 2021

Section VI. Complementary information
