It is the intention that the following transcription services will be procured under a framework agreement:

- a. Off-site Transcription Services (OTS) which involves the Court recordings being sent to the relevant supplier where they produce the transcription services based on the contracted service level timeframe.
- b. Attendance-based Transcription Services (ATS) comprises stenographers or loggers attending the Court proceeding and then later producing the transcript to the contracted timescales.

The supplier is responsible for producing the transcripts in line with HMCTS' rules, including the application of reporting restrictions (anonymisation) and the collection of relevant approvals and permissions. Services are provided based on agreed service bandings and capped units referred to as folios (72 words). OTS is split into two distinct areas, Crown Court transcription and HMCTS Approved Transcription Panel (ATP):

a. Crown Courts contracts under OTS are contracted via Regional lots. Audio is recorded using a dedicated Digital Audio Recording, Transfer and Storage system (DARTS) and stored on the DARTS online portal for supplier access. Requestors are limited to one specific supplier based on the location of the hearing.

b. ATP covers Civil & Family Courts and Tribunals. The ATP works on a panel basis where requestors can choose from any of the four suppliers. Audio is recorded using various Digital Audio Recording (DAR) formats after which audio is either downloaded onto physical media and posted to the relevant supplier or uploaded onto the relevant supplier's portal.

For Lot 1 four Call-Off contracts are planned to be awarded on a Regional basis based on the highest tender scores. However the Authority reserves the right to amend the methodology for awarding future Call-off Contracts under the Framework.

The Authority will apply the following overall weighting to award the initial Call-Off contract scores:

Technical 63%

Commercial Price 27%

Social Value 10%

Based on the Authority's assessment of the Bidders' economic and financial security, some Bidders may be required to provide a signed Parent Company Guarantee within 15 working days of the Call-Off Contract Decision Letter. If a Parent Company Guarantee, signed by a Parent or Ultimate Parent Company with suitable economic and financial standing is not provided to sufficiently assure the Authority within the requested timescale, the Call-Off Contract(s) will not be placed with the Bidder.

However the Authority reserves the right to amend the methodology for awarding Future Call-off Contracts under the Framework. As detailed in the Framework Agreement, if the Authority or an alternative Potential Contracting Party decides to source the Services through the CRT Framework Agreement then it shall award the Call-Off Contract either through Standard Services (awards without re-opening competition) or Competed

Services (awards following mini-competitions). The Authority or Contracting Party reserves the right to amend the Schedules and Annexes as required. For example the OTS Regional Lots may be amended/amalgamated in some cases or the number of Contract Lots awarded to a supplier may change. The Authority also reserves the right to allow suppliers to reduce their prices for future competitions however suppliers must not assume this will be allowed.

The Bidder will need to Register on the MOJ Sourcing Portal (at <https://ministryofjusticecommercial.bravosolution.co.uk/web/login.html>) if they do not already have an account which directly relates to the part of their organisation that is submitting the Tender.
