Any declared conflicts or potential conflicts of interest of individuals making the decision and how these were managed: The PCCD MDT and POG agreement and approval processes seek to identify any Conflicts of Interest and, if declared, these are documented and managed according to SSOT ICB policy. Persons with known or declared Conflicts of Interest would be excluded from the decision-making process. Relative importance and rationale for the relative importance of the key criteria, and the rationale for choosing the provider with reference to the key criteria:

The continuation of existing services in 2024/25 will maintain capacity and reduced demand on primary and secondary care.
