## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Modification of the All Wales NHS GP Links Messaging Solution contract

Reference number

P213.02

#### **II.1.2) Main CPV code**

- 48510000 - Communication software package

#### **II.1.3) Type of contract**

Supplies

### **II.2) Description**

#### **II.2.2) Additional CPV code(s)**

- 48510000 - Communication software package

#### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

Main site or place of performance

Central messaging hub with distribution to approximately 450-500 GP Practices across NHS Wales.

#### **II.2.4) Description of the procurement at the time of conclusion of the contract:**

In 2019, DHCW procured a technical solution including support services to provide message based integration between secondary care applications and GP practices in Wales. The solution provisioned a messaged-based integration between secondary care applications and GP practices in Wales, replacing all existing secondary care to primary care GP LINKS solutions in NHS Wales. The secondary care applications include the Welsh Laboratory Information Management System (“WLIMS”), Welsh Radiology Information System (“WRIS”), Screening applications (currently Bowel Screening Information Management System (“BSIMS”)) and Accident & Emergency letters from Cwm Taf from Welsh PAS. Other applications may be developed throughout the term of the agreement. This includes the provision and support of a Central National Messaging hub for Wales, to handle the conversion and transmission of a range of Clinical messages and results between Hospitals and GP Practices across all of Wales.

#### **II.2.7) Duration of the contract, framework agreement, dynamic purchasing system or concession**

Duration in months

120

#### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

---

## **Section IV. Procedure**

### **IV.2) Administrative information**

#### **IV.2.1) Contract award notice concerning this contract**

Notice number: [2019/S 046-105359](#)

---

## **Section V. Award of contract/concession**

### **Contract No**

P213.02

### **Title**

Modification of the All Wales NHS GP Links Messaging Solution contract

### **V.2) Award of contract/concession**

#### **V.2.1) Date of conclusion of the contract/concession award decision:**

1 October 2019

#### **V.2.2) Information about tenders**

The contract/concession has been awarded to a group of economic operators: No

#### **V.2.3) Name and address of the contractor/concessionaire**

Iuvo Limited

6 Windsor Court, Clive Road

Redditch

B974BT

United Kingdom

NUTS code

- UKG12 - Worcestershire

Internet address

<http://www.iuvo.co.uk>

The contractor/concessionaire is an SME

No

**V.2.4) Information on value of the contract/lot/concession (at the time of conclusion of the contract;excluding VAT)**

Total value of the procurement: £366,844.15

---

## **Section VI. Complementary information**

### **VI.3) Additional information**

The Contract Duration of 120 months includes the extension options. The Contract is for a period of seven (7) years commencing 1st October 2019 to 30th September 2026, with the option to extend for a further three (3) years, up to 30th September 2029.

(WA Ref:144942)

### **VI.4) Procedures for review**

#### **VI.4.1) Review body**

High Court

Royal Courts of Justice, The Strand

London

WC2A 2LL

Telephone

+44 2079477501

Country

United Kingdom

## **Section VII: Modifications to the contract/concession**

### **VII.1) Description of the procurement after the modifications**

#### **VII.1.1) Main CPV code**

- 48510000 - Communication software package

#### **VII.1.3) Place of performance**

NUTS code

- UK - United Kingdom

Main site or place of performance

Central messaging hub with distribution to approximately 450-500 GP Practices across NHS Wales.

#### **VII.1.4) Description of the procurement:**

The GP Links contract provides message-based integration between secondary care applications and GP Practices in Wales. The solution procured replaced all previous secondary care to primary care GP Links solutions in Wales and it takes results from Welsh Laboratory Information Management System (“WLIMS”), Radiology Systems (“WRIS”) as well as Screening messages and Accident & Emergency letters from Cwm Taf and sends them to GP Practices across NHS Wales.

In April 2021, DHCW received an urgent request for a new Vaccination Message dataflow to enable the transmission of Vaccine Messages from the BSO Vaccine Management System (“VMS”) and the DHCW Welsh Immunisation System (“WIS”) onto GP Practices. The Change Control Notice (“CCN”) was issued on an urgent basis as it was required to enable NHS Wales to meet the needs of the national COVID immunisation programme. This was an urgent unforeseen change as a result of the COVID-19 pandemic, and it was unclear at the time whether the new dataflow would be required for the remaining duration of the contract.

#### **VII.1.5) Duration of the contract, framework agreement, dynamic purchasing system or concession**

Duration in months

120

### **VII.1.6) Information on value of the contract/lot/concession (excluding VAT)**

Total value of the contract/lot/concession:

£167,945

### **VII.1.7) Name and address of the contractor/concessionaire**

The contractor/concessionaire is an SME

No

## **VII.2) Information about modifications**

### **VII.2.1) Description of the modifications**

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

In April 2021, DHCW received an urgent request for a new Vaccination Message dataflow to enable the transmission of Vaccine Messages from the BSO Vaccine Management System (“VMS”) and the DHCW Welsh Immunisation System (“WIS”) onto GP Practices. The Change Control Notice (“CCN”) was issued on an urgent basis as it was required to enable NHS Wales to meet the needs of the national COVID immunisation programme. This was an urgent unforeseen change as a result of the COVID-19 pandemic, and it was unclear at the time whether the new dataflow would be required for the remaining duration of the contract. In accordance with government policy and public health requirements it has become a business as usual requirement to support the Vaccination Programme which has necessitated the need to modify the contract.

### **VII.2.2) Reasons for modification**

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

The GP Links solution is so bespoke and embedded within DHCWs’ national product set that it would present significant technical difficulties, inconvenience and disproportionate costs to employ a separate contractor to deliver the existing service whilst migrating on to a replacement solution.

### **VII.2.3) Increase in price**

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £366,844.15

Total contract value after the modifications

Value excluding VAT: £534,789.15
