Tender

Additional solar PV at LDNPA Northern Office

Lake District National Park Authority

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-032019

Procurement identifier (OCID): ocids-h6vhtk-0547e0 ([view related notices](#))

Published 12 June 2025, 3:36pm

Scope

Reference

DN777033

Description

Installation of solar photovoltaic system (possibly including battery storage) in order to maximise the site's self-sufficiency for electricity. Size of system not prescribed but will depend on area of roof available (approx. 190 sq.m) and matching of potential renewable generation to power consumption (approx. 44 MWh/yr). Supplier to cover all aspects of equipment, scaffolding, installation, groundworks, certification, connections and commissioning. For further details refer to the North West Portal (The Chest).

Total value (estimated)

- £30,000 excluding VAT
- £36,000 including VAT

Below the relevant threshold

Contract dates (estimated)

- 1 August 2025 to 31 March 2026
- 8 months

Main procurement category

Works

CPV classifications

- 09331200 - Solar photovoltaic modules
- 09332000 - Solar installation
- 31200000 - Electricity distribution and control apparatus
- 31600000 - Electrical equipment and apparatus
- 45310000 - Electrical installation work

Contract locations

- UKC - North East (England)
- UKD - North West (England)
- UKE - Yorkshire and the Humber
- UKF - East Midlands (England)
- UKG - West Midlands (England)
- UKH - East of England

- UKI - London
- UKJ - South East (England)
- UKK - South West (England)

Participation

This procurement is reserved for

UK suppliers

Particular suitability

Small and medium-sized enterprises (SME)

Submission

Tender submission deadline

11 July 2025, 5:00pm

Submission address and any special instructions

<https://www.the-chest.org.uk/>

Tenders may be submitted electronically

Yes

Award criteria

Quality of tender (45%; covers functionality (how much grid electricity the system will displace and renewable energy generated), methodology (design), understanding of requirements, background and relevant experience, long-term financial return, maintenance and after-sales support)

Price (40%; fixed fee)

Social, environmental and economic sustainability (15%; including project related transport and supply chain emissions and avoidance of modern-day slavery issues)

Procedure

Procedure type

Below threshold - open competition
