Prior Information Note (PIN) – Field Electrical Power Supplies – Support (FEPS-S)

The Ministry of Defence (MOD) has a requirement to provide fleet management, repair and maintenance services for a fleet of Authority-owned generators, which will be provided as Government Furnished Equipment (GFE).

Description of the procurement:

Field Electrical Power Supplies – Support (FEPS-S) main requirement will be for through life support via Contracting for Availability (CFA), which may also include replacing equipment lost through attrition to upkeep availability.

Expected activities that will support this capability include, but are not limited to; Service and Asset Transition from current capability provider, Responsibility as Design Authority, Asset Management including receipt and issue of demands for equipment, Management of Equipment Safety, Post Design Services, Through Life Support including maintenance, repair and supply of spares, User Single Point of Contact, Provision and Update of Technical Documentation, Obsolescence Management, with the possibility of Training provision.

The Contractor will be required to work with an incumbent provider who is responsible for the provision of Level 1-3 Maintenance for a selected amount of the equipment.

Additional Information

This will form one component of the General Purpose Power (GPP) capability, and will run between 2023 and the delivery of the replacement provision, Manoeuvre Power (Man-P), in 2028 (estimated). Man-P is scoped to combine the entire GPP requirement into a single provision and is anticipated to be a competitive procurement.

Below is a limited summary of the equipment to be supported, with the full and detailed requirement to be set out in the competition:

FEPS Generators:

- Approx. 40 x 8/12kW Generators
- Approx. 500 x 16/24kW Generators
- Approx. 300 x 40kW Generators

These include a number of wading and cold-start variance FEPS generators.

There may also be a requirement for the Contractor to have custody of approx. 500 additional residual FEPS generators.

We are anticipating competition start date to be December 2022 / January 2023.

Lots

This contract is divided into lots: No

II.5) Common procurement vocabulary (CPV)

- 50111000 - Fleet management, repair and maintenance services

Additional CPV code(s)

- 50532400 - Repair and maintenance services of electrical distribution equipment

II.6) Scheduled date for start of award procedures and duration of the contract

Scheduled date for start of award procedures: 19 December 2022

Duration in months: 96 (from the award of the contract)

II.7) Additional information

Planned Contract Notice / Opportunity Listing publication date (with Pre-Qualification Questionnaire) is 19/12/22.

Estimated Contract Award date is 1 July 2023, with award procedure starting to accommodate this.

These dates are subject to change.

96 Months duration is inclusive of Options (5 years + 3 years options).
