II.1.4) Short description

Scottish Ministers have been working closely with industry and issues this Prior Information Notice (PIN) to advise of our intention to establish a national framework for Civil Engineering Works and Associated Services (including Roads and Roads Maintenance). This notice serves to alert the marketplace to this potential upcoming opportunity.

This will be a four-year period multi-lot, multi-supplier framework with works of varying size, value and complexity across Scotland can be individually called-off, as required by Scottish public sector organisations.

As outlined, the Framework will be split geographically and will feature multi-value and multi-supplier Lots, the details of which will be contained in the published Contract Notice.

The Framework terms and conditions will be based on NEC 4 with call-off Contract (work order) terms being based on the NEC Engineering and Construction Contract (ECC); NEC Engineering and Construction Short Contract (ECSC); with Term Service Contract (TSC) and Term Service Short Contract (TSSC).
