- UK - United Kingdom

VII.1.4) Description of the procurement:

The professional services support the DWP Estates Life Cycle Works (LCW) and small business related estates moves/changes (BAU Projects). These professional services provide specialist construction support, cost management and project delivery services

VII.1.5) Duration of the contract, framework agreement, dynamic purchasing system or concession

Start date

12 April 2021

End date

31 March 2024

VII.1.6) Information on value of the contract/lot/concession (excluding VAT)

Total value of the contract/lot/concession:

£9,407,023

VII.1.7) Name and address of the contractor/concessionaire

Gleeds Advisory Limited

London

Country

United Kingdom

NUTS code

- UK - United Kingdom

The contractor/concessionaire is an SME

Yes

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The modification notice is published to uplift the contract value for the Multi-Disciplinary Professional Services LCW/BAU contract by £2,359,615.00 excluding VAT.

The Department will rely on Regulation 72(1)(b), where additional services by the original contractor have become necessary and were not included in the initial procurement, but where a change of contractor (i) cannot be made for economic or technical reasons such as requirements of interchangeability or interoperability with existing services procured under the initial procurement, and (ii) would cause significant inconvenience or substantial duplication of costs for the contracting authority; and (iii) any increase in price must not exceed 50% of the value of the original contract.

Reliance on regulation 72(1)(b) requires the Authority to publish a “modification notice” on FTS (UK e-tendering services) describing the modification made and the exception relied on.

The modification falls below the 50% limit imposed by Regulation 72(1)(b).

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

The modification to the contract for these additional services is required to ensure that DWP can make significant further investment in the condition of its critical assets and

address a backlog maintenance liability and address urgent fire safety issues in relation to the condition of fire alarm systems, fire door and compartmentation integrity which have become apparent through survey activity conducted in 2022.

The contract was modified with the incumbent supplier due to the urgent and critical requirement of the services, which a delay in provision would incur significant inconvenience and would prevent the deliverability of the works by March 2024. And also to avoid the potential significant duplication of costs onboarding a different supplier.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £7,047,408

Total contract value after the modifications

Value excluding VAT: £9,407,023
