Region code

UKM - Scotland

Internet address(es)

Main address

<http://www.scottishwater.co.uk>

I.6) Main activity

Water

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

SW21/CI/1347 - Electrical Connections

Reference number

SW21/CI/1347

II.1.2) Main CPV code

- 45315300 - Electricity supply installations

II.1.3) Type of contract

Works

II.1.4) Short description

Scottish Water requires a framework for the design, installation and testing of electrical connections either for a first-time supply, or as an upgrade to existing sites. This will include all materials, plant, manpower and equipment, etc. necessary to completely supply the Electrical Connection. The Contractor must be suitably accredited to National Electricity Registration Scheme (NERS) up to and including 33kV. The estimated value of spend through the framework will be c£1M per year and the proposal is a 6-year framework with a break-point review at year 3 and then options to extend for a further 2 x 12 months at Scottish Water's sole discretion thereafter. The total estimated value for the framework is c£8M. Further information on the scope and description can be found within the PQQ document 'PQQ Scope & Weightings Guidance Document'

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 45315300 - Electricity supply installations

II.2.3) Place of performance

NUTS codes

- UKM - Scotland

Main site or place of performance

SCOTLAND

II.2.4) Description of the procurement

Scottish Water requires a framework for the design, installation and testing of electrical connections either for a first-time supply, or as an upgrade to existing sites. This will include all materials, plant, manpower and equipment, etc. necessary to completely supply the Electrical Connection. The Contractor must be suitably accredited to National Electricity Registration Scheme (NERS) up to and including 33kV. The estimated value of spend through the framework will be c£1M per year and the proposal is a 6-year framework with a break-point review at year 3 and then options to extend for a further 2 x 12 months at Scottish Water's sole discretion thereafter. The total estimated value for the framework is c£8M. Further information on the scope and description can be found within the PQQ document 'PQQ Scope & Weightings Guidance Document'

Section VI. Complementary information

VI.3) Additional information

Scottish Water will not accept the SPD. We will only accept a completed Scottish Water PQQ document. This Notice does not preclude Scottish Water from issuing other notices for specific requirements. Responses to the FTS Notice will be evaluated and only successful applicants following PQQ evaluation will be invited to submit a tender. Scottish Water reserves the right to divide the scope of the contract into lots at tender and contract award stages as it deems appropriate. Applicants who fail to supply all of the information requested in response to this Notice or any resulting tender exercise may risk elimination
