### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

Centre For Process Innovation Limited (CPI) is putting out this notice as a VEAT (Voluntary Ex ante Transparency Notice) as CPI intends to complete a Direct Award to Chubb European Group SE and Newline Insurance Company Limited for the provision of the classes of insurance identified below, without a call for competition in accordance with the Public Contracts Regulations 2015

The bulk of insurance services to be obtained under the Direct Award shall relate to Life Sciences Liability Insurance (Material Damage, Business Interruption, Money & Terrorism Public & Products Liability & Errors & Omissions Liability). The contract duration is expected to be 12 months from 1st December 23 and the value of the contracts will be £597825.52 .

The justification for a Direct Award is the Life Sciences insurance market is protecting organisations against a unique range of risks, with differing exposures, the nature of the insurance requires extensive risk analysis of matters such as type of clinical trials being undertaken. Furthermore there is a limited marketplace of organisations that undertake the specialist & complex business activities that CPI undertake (CPI operates as technology and research innovation centre specialising in highly advanced medicine manufacture, formulations, therapeutic biologicals manufacture, and electronics & photonics systems) whereby it is considered the insurance market would not be able to adequately assess & provide quotations to CPI via a Public Contracts Regulation tender process. It is because of these complex challenges that CPI via their procured broker have approached a number of Insurers are proposing to continue working with their current insurance providers Chubb European Group SE and Newline Insurance Company Limited.
