Section II: Object

II.1) Scope of the procurement

II.1.1) Title

COV - Skid Resistance (Grip Tester) Surveys on behalf of West Midlands Authorities'

Reference number

COV - 9937

II.1.2) Main CPV code

• 71353000 - Surface surveying services

II.1.3) Type of contract

Services

II.1.4) Short description

Local Authorities are required to undertake annual skid resistance (Grip Tester) surveys. As a minimum, this should be undertaken on A-Roads, with the results submitted to the Department for Transport (DfT). The results help identify roads requiring skid resistance improvements, to reduce the risk of skidding related incidents. Currently, some authorities also include B and C roads to assist with the prioritisation of the Highways maintenance programme. The purpose of this tender is to appoint a contractor to undertake skid resistance (Grip Tester) surveys on behalf of the West Midlands Authorities across their highway network. This is to be carried out in accordance with requirements of Highway Design Note CS228 in the Design Manual for Roads and Bridges.

II.1.5) Estimated total value

Value excluding VAT: £800,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

UKG - West Midlands (England)

II.2.4) Description of the procurement

Local Authorities are required to undertake annual skid resistance (Grip Tester) surveys. As a minimum, this should be undertaken on A-Roads, with the results submitted to the Department for Transport (DfT). The results help identify roads requiring skid resistance improvements, to reduce the risk of skidding related incidents. Currently, some authorities also include B and C roads to assist with the prioritisation of the Highways maintenance programme. The purpose of this tender is to appoint a contractor to undertake skid resistance (Grip Tester) surveys on behalf of the West Midlands Authorities across their highway network. This is to be carried out in accordance with requirements of Highway Design Note CS228 in the Design Manual for Roads and Bridges. These surveys will assist Councils, to ensure road surfaces provide adequate skid resistance to drivers during wet conditions, as well as providing data to assist where road maintenance needs to be targeted, to reduce related incidents.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

1 April 2022

End date

31 March 2026

This contract is subject to renewal

Yes

Description of renewals

It is envisaged that the contract will be advertised 4 to 6 months prior to the expiry date.

II.2.10) Information about variants

Variants will be accepted: No
