II.1.4) Short description

The Service to be provided by the successful tenderer is the provision of a Housing Support Service, primarily for single homeless people or childless couples who may have complex needs, residing in supported, interim accommodation at Abercorn Street in Paisley.

Housing Management Services do not form part of this Contract but are required to be delivered by the Provider in conjunction with the Service to ensure its long-term sustainability, and will directly impact upon Council budgets for the provision of homeless services and the amount of government funding available to support the service. The Council looks to maximise the monies available to better assist more Service Users.

The way any Provider makes formal arrangements for the lease of the Premises will directly impact upon the Council and may result in higher costs to the Council. In respect of any subsidy shortfall however, while the Council cannot mandate how a Provider arranges their commercial business, the Council seeks to maximise the funds available to it to provide appropriate services and to allow maximum recovery, by the Council from the UK Government, of Housing Benefit paid for Service Users assessed as needing Housing Support Services. Tenderers would require to arrange that they are either a Registered Social Landlord ("RSL") and enter into the occupancy arrangement (lease between themselves and the Service Users) or alternatively contract with a third party who is a RSL and that third party RSL would enter into lease arrangements with the Service Users and make separate contractual arrangements directly with the Tenderer.

The Council would expect Tenderers to have a minimum D&B Failure Score of 20%, however failure to meet this Failure Score would not necessarily merit a 'FAIL' as the D&B Failure Score is only one factor used by the Council in assessing the acceptability or otherwise of a Tenderer's financial status.

Tenderers would require to arrange that they are either a Registered Social Landlord ("RSL") and enter into the occupancy arrangement

(lease between themselves and the Service Users) or alternatively contract with a third party who is a RSL and that third party RSL would enter into lease arrangements with the

Service Users and make separate contractual arrangements directly with the Tenderer.

Where the Tenderer chooses an alternative delivery model, which would reduce the subsidy recoverable by the Council in respect of the

Housing Benefit paid in support of the Service Users, then the Council will add these additional costs to the tenderer price submitted to reflect the full cost to the Council.
