The Council requires provision of a housing support service primarily for single homeless people or childless couples who may have complex needs, residing in supported, interim accommodation.

The interim accommodation for the current service is provided from 17 Abercorn Street, Paisley, PA3 4AA. The Provider will also provide or make partnering arrangements with another organisation to provide a Housing Management Service for the accommodation at

the specific premises and where applicable will enter into such associated lease arrangements with the owner landlord of the premises as may be necessary for this purpose.

The Housing Management Service does not form part of the contract but is required to be delivered in conjunction with the Housing Support service. The provider can determine whether they will provide this Housing Management Service, or whether they will contract with another organisation to provide this Housing Management Service. How this related Housing Management Service is provided will directly impact upon Council budgets for the provision of homeless services and the amount of government funding available to support these services.

At individual market engagement sessions, comments are invited and welcome, however Renfrewshire Council is under no obligation to accept them, and any decisions taken following these sessions are made by Renfrewshire Council in accordance with the applicable law.
