- UKM - Scotland

Main site or place of performance

All Health Boards within NHS Scotland

II.2.4) Description of the procurement at the time of conclusion of the contract:

NHS Scotland Innovation Partner who will develop an innovative CCE (Colon Capsule Endoscopy) managed service

integrated into the NHS across Scotland with the aim of improving the patient journey, improving outcomes and reducing the requirement

for traditional hospital-based optical colonoscopy procedures.

Innovation Partner who will perform CCE (Colon Capsule Endoscopy), delivery, reading and reporting service including all, or some of the

following components:

- Patient preparation: - critical for a clean and timely video and outcome
- Inform the patient, setting appointment, managing consent
- Provide patient with preparation medication and guidelines
- Assess patient's ability to be well prepared
- Procedure delivery: - managed delivery with structured approach -
- Meet the patient in their community (home, primary care centre, other health service centre)
- Re-assessing ability to conduct successful procedure
- Support the patient in correct placement of belt & recorder
- Support the patient with capsule ingestion and dealing with potential adverse events
- Assist remotely when needed

- Receive returned equipment, uploading of video, managing equipment
- Video analysis: - timely, save and efficient delivery of report –
- Receive (de-identified) patient video
- Pre-read the video
- Validate findings
- Create comprehensive report
- Transmit report electronically to referring consultant

In addition, in regards to IT integration, the service will be able to seamlessly refer a patient to a video capsule endoscopy and receive the

report the same way as any other endoscopy report. This includes scheduling of follow-ups as well as integration into patient records such

as SCISore and with Trakcare. Users of alternative endoscopy management systems could be connected into the NHS IT infrastructure.

It will also provide a dedicated portal is available for additional status reporting and other information for patients, care takers and

consultants.

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The contract will exist in its current form but extended for 12 months due to need for additional works, services or supplies by the original contractor.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

This modification is to meet the additional demands of the Scottish Health and Social Care sector to maintain necessary supply and remove unnecessary disruption from the Authority at this time in line with Regulation 72(1)(b) of the

Public Contracts (Scotland) Regulations 2015.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £1,500,000

Total contract value after the modifications

Value excluding VAT: £1,500,000
