Description

In April 2015 the MOD signed a thirteen year contract with Leidos Europe Ltd to provide the procurement and inventory management of commodity items (as well as the storage and distribution services) historically provided in-house by the Logistic Commodities and Services Operating Centre. Leidos, working with the MOD, will transform the way these services are delivered to ensure requirements continue to be met whilst providing best value for money for the department. The organisation delivering these services is known as Team Leidos.

Team Leidos would like to make markets aware that we are intending to investigate

innovative approaches to fill our Supply of Large Portable Organised Medical System Bags.

It is the aim of this Preliminary Market Engagement Notice (PMEN) to encourage companies, suppliers, or manufacturers to make us aware and provide as much information as they are comfortable with, to help decide the future strategy for the range.

Team Leidos wishes to generate interest, information and views with other companies to understand the current market innovation and gain useful intelligence that can help our requirement.

The value of this framework is estimated to be between £268,000 - £670,000

For reference, a Prior Information Notice (PIN) has already been published for this requirement on 31/10/2024 , the notice can be found here [The Supply of Large Portable Organised Medical System Bags - Find a Tender](#)

Engagement

Engagement deadline

2 December 2024

The engagement was carried out before this notice was published.

Engagement process description

Market engagement took place between the 18th of November 2024 and the 2nd of December 2024. This was compliant under PCR2015 and the standard MERP (Medical Equipment Replacement Programme) engagement question set was used.

Multiple market strategies have been considered, including; a Competitive Open Tender, The NHS Framework, The NSPA Framework and The Crown Commercial Service Framework.

The market engagement concluded that a Competitive Open tender would be the preferred strategy for this requirement to ensure the highest level of competition is achieved.
