II.2.4) Description of the procurement

Catering at White Bridge Primary is generally regarded by stakeholders as being consistently at even keel, with a settled workforce and safe systems of work being applied. The service seems to be well appreciated by pupils and parents alike and in the recent past has not generated much feedback or noise.

The facilities are relatively new, and the incumbent service provider has been in place for in excess of 10 years. The school has two forms per year group and has a current roll of 413 pupils. The current lunch service starts at 12 noon with the youngest children and works upward through the year groups.

The Trust expects the successful Supplier to enable the continued development of catering through the provision of an innovative, healthy food service, with fresh, seasonal and ideally some locally sourced ingredients being prepared on-site. The School and Trust expects the successful Supplier to evidence, through their bid, how they shall support and complement its values and support the principles of Every Child Matters.

Every child matters link:

The School believes that school meals should be accessible for all children and would love every child to have the value and benefit from a hot meal daily, and in this regard has ceased provision of a cold lunch alternative. Currently each child makes a decision as to what to eat at point of service (subject to dietary needs) from the three choices available – Meat/ vegetarian or jacket & filling.

Current uptake levels (provisionally drawn from school statistics) see overall uptake at 56% of pupils with around 22% of KS2 pupils qualifying for FSM currently.

The facilities are generally good with functioning and well-maintained core equipment – any obvious (and significant) equipment gaps will be noted in the kitchen snapshot part of the data pack and will be viewable on the site visit.

The school would also welcome bidders to create an as environmentally friendly provision as possible in terms of supply chain and managing waste.

The school intends the contract to give as much cost certainty as possible, through potential guaranteeing maximum key cost lines, cost of labour, management fee and elements of sundry spend.

See SQ Document for further information.
