Section VI. Complementary information

VI.3) Additional information

Clinical Reviewer/s will be expected to conduct three levels of review. These levels are determined by the methodology required of the investigation NOT the type or cause of death. These levels are:

Level 1 - Single Clinical Reviewer carrying out a desk-based review of records and report may include telephone calls to the healthcare service for clarification. This is predominantly used for natural cause deaths where in an initial review of the healthcare records no issues are identified that would necessitate interviewing staff.

Level 2 -Single Clinical Reviewer carrying out a review of records, interviews with healthcare staff at the establishment and report. Self-inflicted deaths can involve individuals with complex health needs and may require additional subject matter expertise for a particular element of their healthcare.

Level 3 - Complex healthcare with multi-disciplinary input requiring a multidisciplinary team review, with a lead reviewer, to review records and interview relevant staff i.e. forensic psychologist or psychology services.

While the duration required for each review is subject to the level of the review required, in most cases, this can range from 2-3 days for a Level 1 to 4-6 days for a Level 2 (all days indicative). For Level 3, this would be subject to agreement on a case by case basis.

The services are healthcare services falling within Schedule 3 to the Public Contracts Regulations 2015 ("the Regulations"), which are not subject to the full regime of the Regulations, but are instead governed by the "Light Touch Regime" contained within Chapter 3, Section 7 of the Regulations (Regulations 74 to 77).

The tendering process will be conducted in accordance with the requirements and flexibilities provided by Articles 74 to 76 of the Directive, and Regulations 74 to 76 of the Regulations. The Authority will run a transparent tender process, treating all Bidders equally. For the avoidance of doubt, the Authority will not be bound by the Regulations or the Treaty on the Functioning of the European Union or any other regulations or legislation except for the specific parts or circumstances that apply to the procurement of these Services.

Neither the inclusion of a Bidder selection stage, nor the use of any language or terms found in the Directive or Regulations, nor the description of the procedure voluntarily adopted by the Authority ("Open", "Restricted", "Competitive Procedure with Negotiation", "Competitive Dialogue" or any other description), nor any other indication, shall be taken

to mean that the Authority intends to hold itself bound by the Directive or Regulations, save by the provisions applicable to services coming within the scope of Annex XIV of the Directive / Schedule 3 of the Regulations.
