II.2.4) Description of the procurement

The Ocean Country Partnership Programme (OCP) is funded through official development assistance (ODA) as part of the UK's £500 million Blue Planet Fund. Through the OCP, the UK government partners with ODA-eligible countries to deliver tangible and positive impacts on the livelihoods of coastal communities that depend on healthy marine ecosystems. The programme supports countries to strengthen marine science expertise, develop science-based policy and management tools, and create educational resources for coastal communities.

Under the sustainable seafood objective, the programme supports the development of the skills and expertise needed to adopt sustainable seafood practices. This will reduce risks such as the spread of zoonotic diseases from unsustainable or unsafe activities and will support trade in safe seafood. The programme will also support the development of better management, monitoring and enforcement capabilities regarding illegal, unreported and unregulated fishing.
