#### **II.1.4) Short description**

The Help 2 Live at Home Framework has been developed by Hampshire County Council (The Council) under the Public Contract Regulations 2015 and under the Light Touch Regime (Regulations 74 and 77). This is an updated version of the previous Help to Live at Home Framework. The Framework will enable the purchasing, delivery and management of services designed to meet Care Act eligible needs which take place in domestic or community settings. It will cover a wide range of services, including, but not limited to, Domiciliary Care, Extra Care, Live In Care, short-term respite enablement and reablement services which fall within the overall umbrella of CQC regulated home-based care and support. This Framework is available for Older Adults (usually aged 65+) and Younger Adults (usually 18-64) and includes services for people with a Learning Disability, Physical Disability, Dementia or Mental Health need, and those transitioning from Children's Services.

The Help 2 Live at Home Framework will remain open for the initial term and extension period for new providers to join. However, the Council reserves the right to review this on a monthly basis. At any review point, the Council may decide to temporarily close the Help 2 Live at Home Framework to new applicants. If it does this, it will publish a notification on the Council's electronic tendering system which states the period of the closure and when this will next be reviewed.
