#### **VII.2) Information about modifications**

### **VII.2.1) Description of the modifications**

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Variation to allow continuation of services for technical advice and programme management to the end of March 2022.

This requirement is in response to extended delivery timelines for contracted work packages due to contractor delays due to COVID-19 and hydrogen supply issues for testing work.

A requirement for technical management and support services is required in response to extended delivery timescales for appliance development.

### **VII.2.2) Reasons for modification**

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

Contract variation to vary existing contract with Arup+ in their role as PMC for the Hy4Heat programme to allow continuation of technical and programme management of work package delivery and oversight to March 2022. Allows OEM contracts running late due to COVID and hydrogen supply issues to be properly supervised to realise intended benefit.

### **VII.2.3) Increase in price**

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £6,578,790.19

Total contract value after the modifications

Value excluding VAT: £6,737,790.19
