VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

An extension of 12 months and an increase to the contract value.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

Exceptional bidder response and activity on other procurement processes, reported via Bravo and FTS, has necessitated recalculation of process dates. This coupled with membership project work and ongoing staff recruitment has resulted in an unforeseen capacity issue, with the outcome that demand for existing and planned activity requiring suitably experienced procurement resource cannot be met.

To ensure ongoing availability of analysis and reconciliation services it has been deemed appropriate to apply a 12-month extension period and an increase in the original value, allowing continued service provision, whilst the ongoing procurement timeline for these services is remodelled.

Notice and update to the marketplace has been made available via C169282 (<https://health-family.force.com/s/Welcome>) the registration used for pre-procurement engagement activity. Further notice and information will be provided as soon as possible against C216259 for the tender process.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £16,000,000

Total contract value after the modifications

Value excluding VAT: £20,000,000
