Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

Contract is awarded under Public Contract Regulations 2015 - Regulation 32(2)(b)(ii).

The supplier has already been procured by the UAE. The event organisers confirmed that DMG was procured in compliance with the UAE Government's procurement rules. This arguably creates a situation of interoperability, in that the Authority is unable to independently procure a supplier and is subject to the existing arrangements of the COP28 hosting country. By not accepting the UAE's conditions of participation, the UK could lose its opportunity to fully participate in the event and realise its ambitions to play a leading role in driving the global transition to net zero.
