LHC Procurement Group is seeking suitable organisations for our Modular Buildings framework. This new framework will replace LHC's successful Modular Buildings Framework (MB2) Framework which expires May 2025 and will be for the provision of Modular Buildings for the public sector for use by:

- Education
- Healthcare
- Emergency Services
- Offices
- Community related buildings including sport facilities, theatres, & other types of community buildings
- Residential projects where they are part of a mixed use development or for student accommodation for schools and universities

The framework will cover the design, supply, installation and hire of permanent, temporary, and refurbished modular buildings for the public sector and tenderers will be required to offer a full turn key solution, providing all services required to deliver a full project from design through to handover.

The workstreams included in this framework are as follows, please access the tender documentation area of the project to see full details and lots:

Workstream 1 - Permanent Modular Buildings

Workstream 2 - Healthcare Buildings

Workstream 3 - Hire of Temporary Buildings

Workstream 4 - Refurbished Buildings

Whilst this is a national framework, each lot is broken down into a number of regional areas allowing bidders to apply for this framework in the regional areas most suited to them.
