- 92312212 - Services related to the preparation of training manuals

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The commercial vehicle(s) will deliver blended, and technically innovative, learning solutions for some or all the following (this list is not exhaustive and could be subject to change):

- a core curriculum, defining and providing required skills and knowledge, from foundational to specialist, as defined by the Government Skills and Curriculum Unit five strand framework;
- assurance of the quality and relevance of all products and programmes, as defined and

agreed by the Campus for Government;

- products for management and leadership as defined by 'strand 3' Leading to Deliver of the curriculum, and assured in relevance by the new Leadership College for Government, to build leadership teams across complex systems, and accountable and effective managers;
- specific emphasis on understanding and using data, science, technology and engineering, and the basics of public administration.

It will provide support infrastructure and services which may include administration, scheduling, bookings, venues, evaluation, management information reporting and analysis, sourcing and procurement, supply chain management, invoicing of services, incorporating other Campus training services (such as internal delivery) and working with Government Campus venues and on-line services.

It will provide access to licences for learning services and qualifications.

The commercial solution(s) will include organisations with the capability to manage large-scale learning delivery, technologies to support end-to-end learning delivery, a supply chain of delivery partners, including the use of small and medium enterprises and educational institutions, and have access to niche, specialist and research-based knowledge and insight.

The contracts will be flexible to be able to respond to changes, such as policy priorities, workforce locations and demographics, how and when people learn, and technology.

The services will need to reflect policies under Build Back Better initiatives, be responsive to transformations of the Civil Service across the UK and overseas, and present a UK-wide service in support of the levelling-up agenda. They will support the Government Campus evaluation strategy.

II.3) Estimated date of publication of contract notice

1 September 2023

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

The purpose of this PIN is to:

— Give advance notice that GSCU is working in partnership with CCS, intending to undertake a procurement exercise to set up new contracting vehicle(s) to service primarily Central Government organisations and potentially their related wider public sector organisations for learning and development requirements.

— Gauge the market interest by identifying suppliers who would like to participate in three industry days (London, Glasgow and Cardiff, plus one virtual day for those unable to make in-person events). The purpose of these days is to explain the business requirement and procurement strategy options in more detail. The events will provide an opportunity for suppliers to engage, ask questions, seek feedback, and input into the contracting strategy.

If you would be interested in attending an industry day session please complete the following contact form and short questionnaire, which can be found here:

<https://forms.gle/g2JuK41yubS4DXiA8>

Please note responses must be submitted by 30/11/2022.

The estimated value is based on an 'Open Framework' under the proposed new procurement regulations with a 3+3+2 term
