Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Multi Lot Highways and Infrastructure Framework

Reference number

SLC/PS/COMENT/23/019

II.1.2) Main CPV code

- 45233100 - Construction work for highways, roads

II.1.3) Type of contract

Works

II.1.4) Short description

The Council's Procurement Service require to create a new generation Multi-Disciplined Highways and Infrastructure Framework for use by primarily Community and Enterprise Resources and Housing and Technical Resources, however the framework when in place can be accessed by any resource within the Council.

The Framework Contract will be governed under the NEC3 Framework Contract April 2013 and will cover a range of works/services lots as follows:

Lot 1 - Highways Network Improvements

Lot 2 - Highways Routine Maintenance (Labour and Plant only)

Lot 3 - Temporary Traffic Management Services

Lot 4 - Maintenance of Council Bridges and Structures

Lot 5 - Water Infrastructure Services

Lot 6 - Outdoor Infrastructure Works including play

Lot 7 - Groundworks

The new framework will be awarded via open procedure on the most economically

advantageous tender (MEAT) criterion which enables the council to take account of criteria that reflect qualitative, technical, and sustainable aspects of the tender submission as well as price when reaching an award decision. All call-offs under the framework will be based on MEAT.

No work will be guaranteed to any individual Contractor under the Framework Agreement.

The council has adopted a sequential opening process for any tender exercise conducted per the following stages:

As part of Stage 1 the bidders will be required to complete a Single Procurement Document (SPD) as part of the Qualification envelope self-declaring that they meet the criteria requirements for the Lot(s) they have selected.

As part of Stage 2 the bidders will then be required to complete a Technical response based on technical specific questions related to the lot they have selected.

As part of Stage 3 the bidders will then be required to complete Commercial response based on activities associated to the Lot(s) they have selected.

As part of the tender evaluation process the Council will then request evidence from each bidder prior to any bidder being appointed to the framework. It is anticipated the Council will state the number of contractors being appointed to each lot.

II.1.6) Information about lots

This contract is divided into lots: Yes

II.2) Description

II.2.1) Title

Highways Network Improvements

Lot No

1

II.2.2) Additional CPV code(s)

- 45233100 - Construction work for highways, roads
- 45233139 - Highway maintenance work
