708339450 - Warrior Rear Safety Camera System- Contract Award Notice FTS

II.1.2) Type of contract and location of works, place of delivery or of performance

Supplies

Purchase

Main site or location of works, place of delivery or of performance

Bristol, South West.

II.1.4) Short description of the contract or purchase(s)

The Authority has a requirement to procure Warrior Infantry Fighting Vehicle (IFV) Rear Safety Camera Systems (RSCS) to meet a safety critical modification. The RSCS system will comprise of 359 units and include the following sub systems: Rear Camera; Display Control Unit; Cabling Loom, and camera wash wipe facility. The RSCS shall provide the driver with the means to recognise terrain and personnel with a field of rearward view across the entire track width from the immediate rear of the platform. The cameras are needed to ensure the platform remains safe by design. There is currently no rear safety camera system fitted to Warrior IFV, therefore this requirement exists to expediently integrate a suitably robust day/night capable system to the platform to ensure it fulfils the health, safety and legislative obligation for which the Authority is responsible. This manufacture contract will have a duration of two (2) years and shall be Firm priced. There will be no Contract Options. The RSCS shall be manufactured to meet the Authority's technical specification. This contract has been awarded to the company listed within this notice following completion of an Accelerated Restricted Competition in accordance with DSCPR 2011. A 10-day standstill period was observed and no challenges received for this award decision.

II.1.5) Common procurement vocabulary (CPV)

- 35422000 - Electronic and electrical spare parts for military vehicles

II.2) Total final value of contract(s)

II.2.1) Total final value of contract(s)

Value: £10,631,644.94

Excluding VAT
