II.1.4) Short description

This Framework Agreement is for the provision of services of operation including supply of fuel and maintenance of existing biomass boiler installations at 19 sites across North Ayrshire with the provision to add additional sites as required. The agreement shall also include for the provision of a remote monitoring portal for the currently installed RHI compliant heat meters for both client and contractor use.

North Ayrshire Council's biomass installations are currently fuelled and maintained via an Energy Supply Agreement with the original installer. As part of the new contract NAC expect the incoming supplier to liaise and engage with the incumbent supplier and NAC prior to service commencement date to ensure a smooth handover process. NAC have biomass boiler installations across 19 sites, which are a mixture of wood pellet and wood chip.

As part of the requirement for NAC to receive renewable heat incentive payments for the biomass boiler installations, we are required to purchase wood fuel from suppliers who are registered on the Biomass Suppliers List. By responding to this tender the supplier commits to only utilising listed registered suppliers. The Council reserves the right to seek evidence, at no additional cost to the Council, to ensure that only registered suppliers are utilised.

and scope. Unsatisfactory experience will result in exclusion from the tender process.

Bidders must also provide 2 satisfactory references for the same 2 contracts on the reference templates provided. References must be completed and signed by previous customers for contracts of a similar value, size and scope. If any of the referees score the bidder less than 2 the bidder will be excluded from the tender process.

Completed experience and reference templates must be zipped and uploaded at question 4C.1 of the qualification envelope.

Bidders who intend to use a supply chain to deliver the requirements detailed in the Contract Notice, must confirm they have (or have access to) the relevant supply chain management and tracking systems to ensure a resilient and sustainable supply chain. This will include confirmation that they have the systems in place to pay subcontractors through the supply chain promptly and effectively, and provide evidence when requested of:

a) their standard payment terms.

b) 95% of all supply chain invoices being paid on time (in accordance with the terms of contract) in the last financial year.

Bidders unable to confirm (b) must provide an improvement plan, signed by their Director, which improves payment performance.

Bidders are required to confirm their average annual manpower for the last 3 years.

Bidders are required to confirm whether they intend to subcontract and, if so, for what proportion of the contract.

Bidders who intend to subcontract more than 25% to any individual organisation must ensure the SPD (Scotland) - Subcontractors Supplier Response is completed and uploaded at question 2C.1 of the qualification envelope.
