The aims of the service are to provide a minor surgery service that will:

- Ensure equitable, timely, high quality and appropriate access
- Ensure patients are seen and treated in a safe environment, appropriate to their care needs
- Provide a streamlined patient referral process

The minor surgery service is commissioned to achieve three key goals:

- Ensuring equality of access so that Leeds patients who are registered with general practices who do not participate in the minor surgery DES, still have access to those services through referral to a community minor surgery provider of their choice
- Ensuring that lower complexity minor surgery cases can be managed through referral to a community minor surgery provider of their choice, rather than to a hospital service
- Enable other community services to access treatments that would otherwise be delivered by a hospital provider.
