The purpose of the PIN is to gauge interest and connect with providers within this marketplace to better understand market interest, capability and capacity to deliver the additional requirements. This notice is for information only and the Contracting Authority reserves the right to not proceed with the additional lot. If the Contracting Authority does not proceed with the Additional Lot, the reopening of the framework will still take place and this will be communicated in the form of a Contracts Notice.

As part of this pre-tender strategy, EOECPH would like to connect with the marketplace of this type of service via a pre-market engagement exercise. We are therefore asking for assistance through completion of our questionnaire. The information provided will help shape the service specification for the additional lot.

The Contracting Authority intends to use an eTendering system, Atamis, in any resulting procurement exercise.

EoECPH is utilising an e-tendering tool to manage this project for both pre-procurement / marketplace engagement communication and activity with suppliers as well as the reopening of the tender process which will follow this early engagement. Accordingly, there will be no hard copy documents issued to suppliers and all communications with the EOECPH including the submission of the questionnaire will be conducted via <https://health-family.force.com/s/Welcome>. Any resulting procurement documentation will be published on the same procurement portal to ensure minimal supplier registration.

The questionnaire will run on the Atamis portal: <https://health-family.force.com/s/Welcome>
