II.1.4) Short description

The Community Urgent Eyecare service enables people to access urgent and minor eyecare within primary care, utilising the established trained workforce and specialist equipment in optical practices. The service provides clinical triage, advice, assessment, treatment and follow-up by telephone or face to face appointments and facilitates urgent and emergency eye referrals where necessary

This is a cost and volume contract. The contract value based on indicative activity is circa £625,093.

This notice is for a Direct Award C PSR process to commence from the 24th of October 2024 to 30th September 2025 bringing the lifetime value of the contract to the value of circa £625,093.

The service to date has been available across the ICB except for East Staffordshire. To harmonise service access and provision, the service will now be delivered across the ICB footprint. In addition to this planned change, there has been a significant increase in activity against the indicative plan due to patient volume during 23/24. This is not within the change threshold, but Reg 6 (12) (b) applies - the considerable change threshold is not met where - the change between the existing and proposed contracting arrangements is in response to external factors beyond the control of the relevant authority and provider including, but not limited to, changes in patient or service user volume.

Details of the award decision-makers: NHS SSOT ICB Finance and Planning Committee
3rd of September 2024

Any declared conflicts or potential conflicts of interest of individuals making the decision and how these were managed: The PCCD MDT and POG agreement and approval processes seek to identify any Conflicts of Interest and, if declared, these are documented and managed according to SSOT ICB policy. Persons with known or declared Conflicts of Interest would be excluded from the decision-making process. In this case, no conflicts were declared by any members of the ICB's Finance and Performance Committee.

Relative importance and rationale for the relative importance of the key criteria, and the rationale for choosing the provider with reference to the key criteria: The continuation of existing services will maintain capacity and reduced demand on primary and secondary care. The service to date has been available across the ICB except for East Staffordshire. To harmonise service access and provision, the service will now be delivered across the ICB footprint. The ICB Quality & Finance teams undertook diligence and details checks recorded on the DMR Tracker held by the ICB.
