II.2.3) Place of performance

NUTS codes

- UKM5 - North Eastern Scotland
- UKM6 - Highlands and Islands
- UKM7 - Eastern Scotland
- UKM8 - West Central Scotland
- UKM9 - Southern Scotland

Main site or place of performance

This framework covers the whole of Scotland, and this lot is further broken down into regional areas UKM5, UKM6, UKM7, UKM8 and UKM9

II.2.4) Description of the procurement at the time of conclusion of the contract:

Lot 1 covers the provision of extensions and new build works construction projects with a value of between 0 and 2 million GBP.

Whilst this lot is primarily for the construction of new buildings or extensions it may also include refurbishment of existing buildings where required as part of the new build project to interface with an existing building.

Typical building types are as follows (but not limited to)

- Educational buildings
- Healthcare buildings
- Emergency service buildings such as fire stations, ambulance stations and police stations

- Community buildings such as community centres and sports facilities
- Offices and other buildings for social infrastructure.
- Residential properties (when part of a mixed-use development)
- Delivery of student accommodation to education clients

In addition, where required associated infrastructure works can be included in a project for this lot, but standalone infrastructure works cannot be delivered through this lot.

Subject to the Public Contracts (Scotland) Regulations 2016, this framework can be used by any public sector body or organisation throughout Scotland including but not limited to Local Authorities, Education Authorities, Further Education Authorities, Academies, Police Authorities, Fire Authorities, Public Health Authorities, NHS trusts, Tenant Management Organisations and Registered Providers of social housing.

II.2.7) Duration of the contract, framework agreement, dynamic purchasing system or concession

Duration in months

48

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

V.2.4) Information on value of the contract/lot/concession (at the time of conclusion of the contract;excluding VAT)

Total value of the procurement: £750,000,000

Section VI. Complementary information

VI.3) Additional information

LHC is a joint committee of local authorities acting as a central purchasing body on behalf of contracting authorities throughout England, Wales and Scotland (including partners of the Welsh Procurement Alliance, Scottish Procurement Alliance and South West Procurement Alliance) for whom we continue to monitor up to 500 live projects at any one time. Thanks to their ongoing and collective feedback and input into the development of this framework and given the reach and scale of their collective portfolios, the framework is both designed and anticipated to support the vast majority of requirements. Consequently, other contracting authorities that were not specifically consulted in the development of this framework may nevertheless also deem the framework to offer a value for money procurement solution for their own requirements and may also use the framework.

As of the date of publication of this notice our frameworks may be used by all contracting authorities in Scotland as defined by the Public Contracts (Scotland) Regulations 2016 and as listed on <https://www.scottishprocurement.scot/who-we-work-with/>, including, but not limited to Registered social landlords (RSL's), tenant management organisations (TMOs) and arm's length management organisations (ALMOs), local authorities and any subsidiaries and joint-venture vehicles of those local authorities, health authorities, councils, boards and trusts, publicly funded schools, universities and further education establishments, colleges,

police forces, fire and rescue services or registered charities.

Please note within some lots listed in section V there are a number of regional areas. For these lots the contractors awarded a position on the framework will have been appointed for one or more of the regional areas available within the lot, but may not be appointed in all regional areas within a lot.

Under the terms of this framework the successfully appointed contractors will be required to deliver community benefits in support of the public body's economic and social objectives. Accordingly, contract performance conditions may relate in particular to social and environmental considerations. The community benefits included in this contract are:

- to generate employment and training opportunities for priority groups,
- vocational training,
- to up-skill the existing workforce,
- equality and diversity initiatives,
- to make sub-contracting opportunities available to SMEs, the third sector and supported businesses,
- supply-chain development activity,
- to build capacity in community organisations,
- educational support initiatives.

Clients wishing to use the framework will need to refer to the further information and guidance document available for this framework which will be available on the LHC, SPA, WPA, CPC and SWPA websites, or request further information from a representative of the LHC group to identify the specific list of contractors appointed in each regional area within each lot.

This framework will commence on 01 October 2021 and will last for a period of 48 months, ending on 30 September 2025.

(SC Ref:798891)

Section VII: Modifications to the contract/concession

VII.1) Description of the procurement after the modifications

VII.1.1) Main CPV code

- 45000000 - Construction work

VII.1.3) Place of performance

NUTS code

- UKM - Scotland

VII.1.4) Description of the procurement:

Public Buildings and Infrastructure Framework (PB3). This Framework is the successor to our popular Schools and Community Buildings Framework and will be for the construction of new buildings, extensions, and refurbishment of public and social buildings and infrastructure works. Typical building types are as follows (but not limited to)

- Educational buildings
- Healthcare buildings
- Emergency service buildings such as fire stations, ambulance stations and police stations
- Community buildings such as community centres and sports facilities
- Offices and other buildings for social infrastructure.- Residential properties (when part of a mixed-use development)
- Conversion of commercial buildings for residential use
- Delivery of student accommodation to education clients

Certain lots include the provision of infrastructure works either when associated to the main project scope or as standalone infrastructure works

VII.1.5) Duration of the contract, framework agreement, dynamic purchasing system or concession

Start date

1 October 2021

End date

30 April 2026

In the case of framework agreements, provide justification for any duration exceeding 4 years:

Due to unforeseen operational challenges, including staffing shortages, strategic reprioritisation, LHC Procurement Group has been unable to complete a replacement procurement within the anticipated timeframe. A short-term extension is therefore required to maintain service continuity and legal compliance.

VII.1.6) Information on value of the contract/lot/concession (excluding VAT)

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Due to unforeseen operational challenges, including staffing shortages, strategic reprioritisation, LHC Procurement Group has been unable to complete a replacement procurement within the anticipated timeframe. A short-term extension is therefore required to maintain service continuity and legal compliance.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

A short-term extension is therefore required to maintain service continuity and legal compliance.

This modification is to extend the framework agreement until 30th April 2026

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £750,000,000

Total contract value after the modifications

Value excluding VAT: £750,000,000
