Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Wind Turbine Operation & Maintenance Services:

Reference number

DN693575

II.1.2) Main CPV code

• 71314200 - Energy-management services

II.1.3) Type of contract

Services

II.1.4) Short description

It is the intention of ORE Catapult to initiate a procurement procedure and subsequently appoint a single Contractor for the provision of Operation & Maintenance Services to our offshore Levenmouth Demonstration Turbine (LDT) in Fife, Scotland.

The LDT is a standalone single 7MW offshore turbine prototype approximately 50m offshore but connected via a walkway to the Scottish Enterprise owned Fife Energy Park. The power generated is connected to the Scottish Power electricity network at 11kV.

ORE Catapult are seeking a Contractor to Operate and Maintain the LDT whilst being proactive and recognising potential serial problems, investigate the issue(s), propose viable solutions and communicate with the ORE Catapult Authorised Representative timeously throughout. You must be excellent at troubleshooting and have the ability/capability to identify problems that will help keep maintenance costs down and availability of the LDT up.

The scope of services shall encompass but shall not be limited to routine maintenance, troubleshooting, diagnostics, repairs, manage and undertake agreed renewal project by providing and having the necessary on-site technical capabilities to undertake specialised engineering tasks specific to the LDT. The LDT is an open platform and ORE Catapult's

intention is to provide collaborative engineering solutions to deliver Commercial Research and Development (CR&D) projects specific to LDT as required.

Qualification Criteria shall include, but not be limited to, relevant experience, technical expertise, and compliance with safety and environmental regulations.

Potential Contractors are to note that TUPE shall apply to this Contract.

Due to the sensitive nature of information regarding the LDT, all Contractors interested in this Contract shall be required to sign a Non-Disclosure Agreement ("NDA"). This NDA can be obtained by registering your interest in this opportunity via https://procontract.due-north.com (Reference # DN693575) The NDA is not available to download via this advert. Only Contractors returning a signed NDA shall be issued the Tender Documentation.

Further information regarding the LDT can be found at this address: https://ore.catapult.org.uk/what-we-do/testing-validation/levenmouth/

II.1.6) Information about lots

This contract is divided into lots: No

Procurement Manager & one other member of the Procurement team shall open the submissions

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.4) Procedures for review

VI.4.1) Review body

Royal Courts of Justice

London

Country

United Kingdom

VI.4.2) Body responsible for mediation procedures

Royal Courts of Justice

London

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

In the first instance, all appeals should be promptly brought to the attention of the contact specified in Section I above, and will be dealt with in accordance with the requirements of the Public Contracts Regulations 2015. Any appeals must be brought within the timescales specified by the applicable law, including without limitation, the Public Contracts Regulations 2015. In accordance with the Public Contracts Regulations 2015, the contracting authority will also incorporate a minimum 10 calendar day standstill period from the date information on award of contract is communicated to tenderers.

As the UK does not have any special review body with responsibility for appeal/mediation procedures in public procurement competitions, any challenges will be dealt with by the

High Court, Commercial Division, to which proceedings may be issued regarding alleged breaches of the Public Contracts Regulations 2015.
