Tender

# T321 2023 Ballylumford 110kV GIS Substation Switchboard

Northern Ireland Electricity Networks Limited

F05: Contract notice - utilities

Notice identifier: 2023/S 000-033099

Procurement identifier (OCID): ocds-h6vhtk-0416e1

Published 8 November 2023, 4:12pm

## **Section I: Contracting entity**

## I.1) Name and addresses

Northern Ireland Electricity Networks Limited

120 Malone Road,

Belfast,

BT9 5HT

#### Contact

Angela Hutton

#### **Email**

Angela.Hutton@nienetworks.co.uk

#### Country

**United Kingdom** 

#### Region code

UKN - Northern Ireland

Internet address(es)

Main address

www.nienetworks.co.uk

## I.2) Information about joint procurement

The contract is awarded by a central purchasing body

#### I.3) Communication

The procurement documents are available for unrestricted and full direct access, free of charge, at

https://e-sourcingni.bravosolution.co.uk

Additional information can be obtained from the above-mentioned address

Tenders or requests to participate must be submitted electronically via

https://e-sourcingni.bravosolution.co.uk

Tenders or requests to participate must be submitted to the above-mentioned address

Electronic communication requires the use of tools and devices that are not generally available. Unrestricted and full direct access to these tools and devices is possible, free of charge, at

https://e-sourcingni.bravosolution.co.uk

#### I.6) Main activity

Electricity

## **Section II: Object**

## II.1) Scope of the procurement

II.1.1) Title

#### T321 2023 Ballylumford 110kV GIS Substation Switchboard

Reference number

T321 2023

#### II.1.2) Main CPV code

45232220 - Substation construction work

#### II.1.3) Type of contract

Works

#### II.1.4) Short description

Ballylumford Substation is a critical transmission node on the network enabling access for conventional generation and the Moyle Interconnector to the Northern Ireland Transmission Grid. The 110kV indoor AIS switchgear located at Ballylumford was manufactured in 1966 and has been highlighted for replacement based on asset condition.

This contract is for design, engineering, procurement, delivery, construction, installation, testing and commissioning of a new 110Kv GIS substation.

The works will include:

- Installation of new 110 kV GIS.
- 110 kV cable circuits between new GIS and existing circuit connections.
- Associated Substations HV, P&C, Communications, Civil & Structural and HV Cables works
- Construction of a building to house the GIS
- Remote end protection & control works

#### II.1.5) Estimated total value

Value excluding VAT: £35,500,000

#### II.1.6) Information about lots

This contract is divided into lots: No

#### II.2) Description

#### II.2.2) Additional CPV code(s)

- 31214000 Switchgear
- 31214500 Electric switchboards
- 31214510 Distribution switchboards
- 31321300 High-voltage cable
- 32541000 Switchboard equipment
- 45232220 Substation construction work
- 45314120 Installation of switchboards
- 45315400 High voltage installation work

#### II.2.3) Place of performance

**NUTS** codes

• UKN - Northern Ireland

Main site or place of performance

Northern Ireland

#### II.2.4) Description of the procurement

Ballylumford Substation is a critical transmission node on the network enabling access for conventional generation and the Moyle Interconnector to the Northern Ireland Transmission Grid. The 110kV indoor AIS switchgear located at Ballylumford was manufactured in 1966 and has been highlighted for replacement based on asset condition.

This contract is for design, engineering, procurement, delivery, construction, installation, testing and commissioning of a new 110Kv GIS substation.

The works will include:

Installation of new 110 kV GIS.

Page 5 to 9

• 110 kV cable circuits between new GIS and existing circuit connections.

Associated Substations HV, P&C, Communications, Civil & Structural and HV Cables

works

Construction of a building to house the GIS

Remote end protection & control works

The above list description is given for guidance only and should not be concluded as finite. The full detail of the requirements are included within the works information included with the draft tender documentation.

#### II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### II.2.6) Estimated value

Value excluding VAT: £35,500,000

#### II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

**Duration in months** 

48

This contract is subject to renewal

No

#### II.2.10) Information about variants

Variants will be accepted: No

#### II.2.11) Information about options

Options: No

#### II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

## Section III. Legal, economic, financial and technical information

### III.1) Conditions for participation

## III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

As specified within the PQQ and/or tender documents available from the address specified with the reference project T321 2023 Ballylumford 110kV GIS Substation Switchboard

#### III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

#### III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

#### III.1.4) Objective rules and criteria for participation

List and brief description of rules and criteria

As specified within the PQQ and/or tender documents available from the address specified with the reference project T321 2023 Ballylumford 110kV GIS Substation Switchboard

#### Section IV. Procedure

#### **IV.1) Description**

#### IV.1.1) Type of procedure

Negotiated procedure with prior call for competition

### IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with a single operator

#### IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

#### IV.2) Administrative information

#### IV.2.2) Time limit for receipt of tenders or requests to participate

Date

20 December 2023

Local time

12:00pm

## IV.2.3) Estimated date of dispatch of invitations to tender or to participate to selected candidates

14 February 2024

#### IV.2.4) Languages in which tenders or requests to participate may be submitted

English

## **Section VI. Complementary information**

## VI.1) Information about recurrence

This is a recurrent procurement: No

## VI.4) Procedures for review VI.4.1) Review body Northern Ireland Electricity Networks Ltd 120 Malone Road Belfast **BT9 5HT** Country **United Kingdom** VI.4.2) Body responsible for mediation procedures Northern Ireland Electricity Networks Ltd 120 Malone Road Belfast BT9 5HT Country **United Kingdom** VI.4.4) Service from which information about the review procedure may be obtained High Court of Justice in Northern Ireland Royal Courts of Justice, Chichester Street Belfast BT1 3 JY
