## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Borehole Pumps

#### **II.1.2) Main CPV code**

- 42122130 - Water pumps

#### **II.1.3) Type of contract**

Supplies

#### **II.1.4) Short description**

The supply of pumps designed for the abstraction of potable water from Boreholes (borehole pumps). Anglian Water's borehole pump duties range from 3l/s to 212l/s and 10m/h to 210m/h.

To supply DWI (Drinking Water Inspectorate) compliant borehole pumps for new schemes and replacement pumps with options for installation, commissioning and repair services supporting the Anglian Water Groundwater Team and strategic partners / delivery routes.

The primary business unit acquiring borehole pumps has seen demands in the magnitude of 4-8 borehole pumps per month. This may be considered an indicative volume. Anglian Water does not guarantee pump volumes through the proposed period.

All pumps must conform to WIMES specifications (including any Anglian Water specific edits).

All pumps must comply to ISO9906:2012 Grade 1B, 1E or 1U or Grades 2B and 2U; no negative tolerance on pump and motor combined efficiency.

Delivery of pumps is deemed a Health and Safety high risk activity. Bidders must hold Achilles UVDB Verify B or ISO45001.

Bidders must evidence compliance with DWI regulations including certification of materials in contact and management of their processes around renewal of such certificates.

Bidders are expected to evidence CDM Designer competence.

Bidders are expected to know and evidence their environmental impact / sustainability and pump's carbon footprint.

Bidders are expected to evidence development road maps.

Anglian Water uses SAP Ariba and actively increasing purchasing coverage using SAP Ariba Guided Buying. The successful Bidders will commit to actively engaging, developing and using SAP Ariba with Anglian Water's Procurement Systems team.

### **II.1.5) Estimated total value**

Value excluding VAT: £8,000,000

### **II.1.6) Information about lots**

This contract is divided into lots: No

## **II.2) Description**

### **II.2.3) Place of performance**

NUTS codes

- UKH - East of England

Main site or place of performance

We expect the majority of pumps to be delivered to Anglian Water's Groundwater Engineering Depot (NR17 1PZ).

### **II.2.4) Description of the procurement**

The major requirement is for the supply and delivery of DWI (Drinking Water Inspectorate) compliant borehole pumps for new schemes and replacement pumps with options for installation, commissioning and repair services.

All pumps must conform to WIMES specifications (including any Anglian Water specific edits).

All pumps must comply to ISO9906:2012 Grade 1B, 1E or 1U or Grades 2B and 2U; no negative tolerance on pump and motor combined efficiency.

Delivery of pumps is deemed a Health and Safety high risk activity. Bidders must hold Achilles UVDB Verify B or ISO45001.

Bidders must evidence compliance with DWI regulations including certification of materials in contact and management of their processes around renewal of such certificates.

#### **II.2.5) Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### **II.2.6) Estimated value**

Value excluding VAT: £8,000,000

#### **II.2.7) Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months

96

This contract is subject to renewal

No

#### **II.2.9) Information about the limits on the number of candidates to be invited**

Envisaged minimum number: 4

Objective criteria for choosing the limited number of candidates:

The information is provided in our Bidder Guidance Document within the RFI and RFP.

#### **II.2.10) Information about variants**

Variants will be accepted: No

#### **II.2.11) Information about options**

Options: No

---

## **Section III. Legal, economic, financial and technical information**

### **III.1) Conditions for participation**

#### **III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions

Applicants will be assessed in accordance with the Utilities Contract Regulations 2016 on the basis of information provided in Applicants tender responses.

---

## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Negotiated procedure with prior call for competition

#### **IV.1.3) Information about a framework agreement or a dynamic purchasing system**

The procurement involves the establishment of a framework agreement

Framework agreement with several operators

Envisaged maximum number of participants to the framework agreement: 4

In the case of framework agreements, provide justification for any duration exceeding 8 years:

Framework period shall be 8 years.

#### **IV.1.8) Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: Yes

### **IV.2) Administrative information**

#### **IV.2.2) Time limit for receipt of tenders or requests to participate**

Date

21 November 2024

#### **IV.2.4) Languages in which tenders or requests to participate may be submitted**

English

#### **IV.2.6) Minimum time frame during which the tenderer must maintain the tender**

Duration in months: 15 (from the date stated for receipt of tender)

---

## **Section VI. Complementary information**

### **VI.1) Information about recurrence**

This is a recurrent procurement: No

### **VI.3) Additional information**

Anglian Water does not bind itself to accept any tender and is not liable for any costs incurred by those expressing an interest or tendering for this opportunity.

Anglian Water uses SAP Ariba and actively increasing purchasing coverage using SAP Ariba Guided Buying. The successful Bidders will commit to actively engaging, developing and using SAP Ariba with Anglian Water's Procurement Systems team post award.

### **VI.4) Procedures for review**

#### **VI.4.1) Review body**

High Court, Royal Courts of Justice,

Strand

London

WC2A 2LL

Telephone

+44 20779476000

Country

United Kingdom

#### **VI.4.3) Review procedure**

Precise information on deadline(s) for review procedures

Anglian Water will operate a minimum 10 calendar day standstill period at the point information on the award of the contract is communicated to tenderers to provide time for unsuccessful tenderers to challenge the award decision before the contract is entered into. Unsuccessful tenderers shall be notified by Anglian Water as soon as possible after the decision is made as to the reasons why they were unsuccessful. The Utilities Contracts Regulations 2016 provide that aggrieved parties who have been harmed, or are at risk of harm, by breach of the rules are to take action in the High Court (England, Wales and Northern Ireland).
