Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- New works/services, constituting a repetition of existing works/services

Explanation:

The award of this contract is happening because we ran a large tender awarded on the Everything ICT Framework to upgrade infrastructure and migrate our schools to a single central cloud hosted domain with upgraded internet service. XMA have worked with our Trust across all our schools and have built a good relationship with staff. They are a trusted provider of technology and support to our Trust. XMA built our cloud hosted provision and have a thorough understanding of the technical aspects required to onboard new schools. The risk of using a different provider is that they change the setup or configuration of the network and disconnect schools and cause issues pan trust.
