I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Extension of contract for the provision of a Managed Clinical Information System and Patient Monitoring maintenance service

II.1.2) Main CPV code

- 48814400 - Clinical information system

II.1.3) Type of contract

Supplies

II.1.4) Short description

A patient monitoring and clinical information system (ICCA) managed equipment service has been in place with Philips since 2016 (awarded following a competitive tender), and was due to expire 31st August 2023.

This service has provided the maintenance and financing of patient monitoring equipment with Adult Critical Care at Denmark Hill and the PRUH, and Emergency Department Resus at Denmark Hill, as well as the implementation, development, and maintenance of a clinical information system used within those same areas for the care of critical patients. Both supply and service aspects have been supported by helpdesks and account managements assets.

With significant activity taking place to introduce and implement a new Trust-wide electronic patient record system, and the significant interdependencies and complexities arising out of this programme of work, an extension has been required to enable the service to continue to 31st March 2024. This is to allow for sufficient time to embed the new EPR, and ensure a robust decommissioning and transition process from the existing clinical information system (with its linkages to the patient monitoring assets) to the new EPR, while providing contingency for clinical risks otherwise inherent in the transition without all previous available functionality being available. A continuation of services during a period of significant change was further required for patient monitoring assets to ensure stability for these wards, as no further risks could be tolerated for the service while connected services and support systems were being changed.

This extension has also enabled further exploration of alignment of services with the other sites implementing the EPR as part of the same programme, with a view to aligned

enterprise working and potential efficiencies in future.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £412,650.42

II.2) Description

II.2.2) Additional CPV code(s)

- 50421000 - Repair and maintenance services of medical equipment

II.2.3) Place of performance

NUTS codes

- UKI45 - Lambeth
- UKI61 - Bromley

Main site or place of performance

King's College Hospital - Denmark Hill and PRUH sites

II.2.4) Description of the procurement

As above

II.2.11) Information about options

Options: Yes

Description of options

The parties have agreed to a 45 day notice period for further short terms extensions or earlier termination should the operational context change to require it in light of ICT work taking place around the implementation, testing, development, etc of the new Trust-wide electronic patient record.

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

This extension to the existing managed equipment service contract is based on a major modification (in line with PCR 2015 guidance) that has become necessary in light of wider Trust activity, doesn't change the scope of the contract, and is valued at under 50% of total contract value. Further to this a change of supplier would not have been practical to enact for technical and equipment interoperability reasons, and would be prohibitively expensive and time-consuming to attempt, with a high risk of further duplication of service aspects in light of the wider EPR programme already underway.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section V. Award of contract/concession

Title

Provision of a Managed Clinical Information System and Patient Monitoring

A contract/lot is awarded: Yes

V.2) Award of contract/concession

V.2.1) Date of conclusion of the contract

22 September 2023

V.2.2) Information about tenders

The contract has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor/concessionaire

PHILIPS ELECTRONICS UK LIMITED

Ascent 1 Aerospace Boulevard

Farnborough

GU14 6XW

Country

United Kingdom

NUTS code

- UKJ2 - Surrey, East and West Sussex

Companies House

00446897

The contractor/concessionaire is an SME

No

V.2.4) Information on value of contract/lot/concession (excluding VAT)

Initial estimated total value of the contract/lot/concession: £412,650.42

Total value of the contract/lot/concession: £412,650.42

Section VI. Complementary information

VI.4) Procedures for review

VI.4.1) Review body

The High Court of Justice

Strand

London

WC2A 2LL

Country

United Kingdom
