Procedure

Procedure type

Direct award

Special regime

Defence and security

Direct award justification

- Single supplier - technical reasons
- Defence and security - necessary to enhance or maintain operational capability, effectiveness, readiness for action, safety or security of the armed forces

This requirement could only be delivered by a small handful of industry partners in this sector, however this was further reduced due to the sensitivity of information, appropriate security clearances and access to necessary tooling. As such PWC were the only possible down selected supplier, which delivered VfM against this key requirement.
