Electricity

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

ENWL Flexible Requirement

Reference number

TT111139

II.1.2) Main CPV code

- 09300000 - Electricity, heating, solar and nuclear energy

II.1.3) Type of contract

Supplies

II.1.4) Short description

ENWL is seeking distributed energy resources that are capable of adjusting how much they consume or generate electricity and can support the local distribution network at times of high electricity demand when the network is operating abnormally, and receive payment from Electricity North West in return.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKD - North West (England)

II.2.4) Description of the procurement

This Notice is published by ENWL requesting interest from Distributed Energy Resources (DER's) who have the ability to adjust the amount of energy they consume or generate upon instruction in line with ENWL's requirements. Distributed Energy Resources (DERs) are companies or individual customers

capable of adjusting how much they consume or generate electricity and can support the local distribution network at times of high electricity demand when the network is operating abnormally, and receive payment from Electricity North West in return. These DERs can be generators, consumers, and electricity storage connected to our networks that can increase or decrease exports or imports when instructed. As the distribution network operator in the North West of England, we are looking to use this flexibility to support how we operate our local networks, as an alternative to traditional approaches. The aim is to reduce the cost for electricity distribution networks in customer energy bills while ensuring that our network remains resilient, reliable and meets our customers' needs.

Specific locational and capacity requirements will be published on <https://picloflex.com/>, and bidders should register here to be added to the Dynamic Purchasing System to participate.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

12

This contract is subject to renewal

Yes

Description of renewals

By agreement

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No
