Reference number

TCA 3-7-1470

II.1.2) Main CPV code

- 90700000 - Environmental services

II.1.3) Type of contract

Services

II.1.4) Short description

Counter Pollution is one of HMCG's Six Functions and the Counter Pollution and Salvage (CPS) branch operates as the UK Competent Authority with specific responsibility for Counter Pollution preparedness and responding to at-sea pollution from shipping and offshore installations within the UK Exclusive Economic Zone (EEZ), and the management of the UK Government's stockpiles of equipment and dispersant.

CPS respond to national incidents; counter pollution audits of, and support to, all UK ports and harbours; management of national counter-pollution equipment; environmental support and Fate of Oil modelling, counter pollution training to local authorities.

The Authority is currently in the process of finalising its tender documentation and the resultant contract is to provide storage of the MCAs equipment, to maintain it through a program of planned preventative maintenance and repairs as required, and to deploy the equipment in marine pollution incidents using trained and competent responders with experience in this industry.
