Engagement

Engagement deadline

16 July 2025

Engagement process description

Defra Group Commercial on behalf of Animal and Plant Health Agency (APHA) intends to publish a tender opportunity for the provision of International Specialist Courier service, tentatively scheduled for August 2025. The successful supplier(s) will be required to collect and deliver Category A (UN2814 & UN2900) and/or Category B (UN3373) consignments to and from UK addresses and deliver them internationally, including to Northern Ireland, Europe, Non-EU countries, and worldwide destinations. Given the specialist nature of these consignments, suppliers must hold the appropriate licenses for transporting biological substances under chilled conditions using dry ice. Additionally, suppliers will need to provide import services and manage complex customs clearance process. The tender opportunity is expected to be divided into 2 lots: Lot 1 - Transportation of Category A samples Lot 2 - Transportation of Category B samples Suppliers will have the option to bid for one or both lots. Please note that this approach may be subject to change based on the outcome of our supplier engagement. An initial market engagement exercise took place in November 2024. This notice now serves to resume the procurement process ahead of the forthcoming tender. We are considering holding a virtual supplier engagement event, provisionally scheduled for 16th July 2025 via Microsoft Teams. This session will provide an overview of our requirements and invite supplier feedback. A Q&A session will follow, giving participants the opportunity to raise questions which will be addressed by our team. If your organisation is interested in this upcoming opportunity, please register your interest by emailing angelica.ho@defra.gov.uk. In your response, kindly confirm the following: 1) Whether your organisation intends to

submit a tender. 2) Whether you would like to attend the supplier engagement event, if so, please provide the names and email addresses of the proposed attendees. We would appreciate receiving all expressions of interest by 12pm on 14th July 2025. Thank you for your time and interest. We look forward to hearing from you.

Participation

Particular suitability

Small and medium-sized enterprises (SME)
