II.2.4) Description of the procurement

This Prior Information Notice (PIN) is intended to alert providers to an opportunity to provide waste collection services for South Staffordshire District Council.

SCC is responsible for the collection of municipal waste in the district from households and non-domestic sources in accordance with legislation. The service provides for collections from approximately 50,000 households, and a total of approximately 40,000 tonnes of waste per annum comprising of:

- dry recyclables (collected two stream, fibre separate),
- compostable garden waste (residents charged for service),
- residual waste,
- and small WEEE.

The current service also includes for the provision of:

- Bulky waste collections
- Bin deliveries, replacements, and cleansing
- Trade waste collection
- Offensive waste collection
- Additional waste collection
- Assisted (fetch and return) collection

The current contract for waste collection services expires on March 31st, 2026.

SCC is currently developing its specification for the services to include new services as mandated by the national Resources and Waste Strategy, notably, separate food waste collection.

Relevant operators are invited to respond to this PIN to enable the Council to better understand the key parameters which would attract a market response to the opportunity.

The anticipated procurement route is an Open procurement.
