II.2.4) Description of the procurement

Under ESPO 664_21 Consultancy Services, Lot 5 Highways, Traffic and Transport, the Council are seeking to procure the services of a Senior Consultant as defined in the ESPO User Guide. Consultancy services are required to support the delivery of Manchester Council's Highways program of works.

The Consultant will be a skilled Traffic Engineer who can demonstrate via the Council's Quality Questions that they have the ability to undertake the following activities:-

- Lead on the technical approval of highway design and traffic engineering projects relating to S278 and S38 schemes, including the Brunswick PFI Development and Manchester Airport development works.
- Work in the technical approval and management of a portfolio of highway design and engineering schemes associated with S278/38 developments across the city.
- Lead on project communication with all stakeholders including residents, businesses, TfGM and elected members throughout the duration of the scheme. This includes answering stakeholder enquiries.

- Work with other Council sections and developers to ensure a joined-up approach to traffic management across the city.
- Have an understanding of GMRAPS and the process of inputting information on the Highways Permits integrated system.
- Budget and project management of schemes, including the preparation of PIF documents for the costs relating to the recharge of fees to developers.
- Preparation of Approval Reports for Exec. Member approval, and consultation reports to TMU for Stakeholder engagement
- Extensive site supervision experience relating to civil engineering schemes, including footway and carriageway resurfacing and reconstruction, kerbing and drainage.
