II.1.1) Title

Access & Insulation Services 2025-2029

II.1.2) Main CPV code

- 45262100 - Scaffolding work

II.1.3) Type of contract

Works

II.1.4) Short description

Access & Insulation Services provide key support activities to the effective management and maintenance of the Magnox Ltd assets and in support of project delivery.

Access services include the Provision of all access requirements to enable Magnox Ltd site and programme staff and Suppliers to gain access to various locations at each of their facilities for the purposes of modification, maintenance and inspection works on items of plant, equipment and buildings.

Insulation Services include the removal of any asbestos containing materials including thermal insulation (the methods employed will be varied and will include traditional methods and complete asbestos coated component removal, re-application of insulation as required and removal of wastes (hazardous and non-hazardous).

Additional service will also be required in the provision of industrial support services to include but not limited to: crane & equipment hire, industrial coating and painting, building cladding and minor civil works.

It is anticipated that the contract will be placed as a 4 year Framework with the services being split into 2 separate lots based on geographical split of Magnox Sites based on a Northern-Eastern Lot and A South-Southwest Lot.

This contract notice requires Tenderers to complete their response to the Prequalification Stage only. Tenderers responses to the Tenderer Selection Criteria will be assessed as detailed in the tender pack available free of charge at the aforementioned address.

Only Tenderers who are successful during the Prequalification Stage as per the tender documents will then be invited to submit a full tender response for the Invitation to Tender stage.
