Title

NAT - MEICA Maintenance Framework and EICR

Reference

P-30239

Description

To help support the operation, repair and maintenance of a variety of flood defence assets such as lock gates, pumping stations, river level maintenance weirs, and flow and level measurement systems, the Environment Agency (EA) requires a new MEICA (Mechanical, Electrical, Instrumentation Control and Automation) Framework to provide a route to market.

A separate PIN will be released detailing the information and relevant documentation relating to the procurement and commercial models proposed for the forthcoming procurement exercise. Organisations will be invited to provide comments and feedback on the proposed approach via a questionnaire.

Please note all the information provided is subject to change. The procurement remains subject to final approvals and governance.
