II.2.4) Description of the procurement

Most employed residents are in highly skilled work and well-paid professions. At the same time, there are areas of significant deprivation, particularly in the north of the borough and parts of the south and west. Kensington and Chelsea have the highest life expectancy in the country overall, but this varies between the north and the south of the borough and between homeowners, private renters and those living in social housing. While there are limits to the extent to which the Council can affect overall inequality, by focusing efforts collectively and in partnership, we can improve access to opportunities and narrow the gap in key areas, including skills, employment and health. The London Borough of Kensington and Chelsea (RBKC) on behalf of the West London Housing Partnership (WLHP), which also includes the Boroughs of Brent, Ealing, Hammersmith & Fulham, Hillingdon and Hounslow is undertaking an Invitation to Tender for the provision of West London Somewhere Safe to Stay services.
