II.2.4) Description of the procurement

The overarching aim for the service is for every service user to achieve their maximum possible level of independence at home and to improve well-being.

This represents a shift in thinking and approach away from traditional models of domiciliary care which have tended to focus on maintenance, rather than enablement, promoting independence and a person's individual well-being.

The objective is a change in culture, working practices, service delivery methods and the intention to foster a genuine spirit of partnership between the Parties, working closely together to ensure the successful implementation and further development of the domiciliary care service.

Aims and Objectives

-To provide high quality care through experienced, competent, supported and trained workforce.

-To improve the service user's health and well-being and ensure their safety delaying and reducing the need for residential care and/or hospitalisation.

-To have care needs met in a way that puts the service user at the centre.

-To provide good quality care that meets the required and expected standards of domiciliary care providers.

-To safeguard vulnerable adults and care for people in a safe environment.

- Promote independence of people in their own homes and support people to regain and maintain their skills with a "supporting to" rather than "doing for" approach.

- To establish effective links with and work in close collaboration with other Health and Social Care Services

- To support service user's care, signposting to other services and supporting this where required.

This is a fourth window and will be for the balance of the original offer which started 1 April 2020.

A Bidder Event is scheduled from 1pm - 3 pm Thursday 5th May 2022 at White Rose House, West Parade, Wakefield, WF11LT.
