Skills Bootcamps offer free flexible courses of up to 16 weeks giving people the opportunity to build up sector specific skills and fast track to an interview with a local employer.

The key objectives of skills bootcamps are to:

- Address the needs of employers to fill skills shortage vacancies requiring specialist digital skills and improve business productivity.
- Address the needs of adults to retrain and upskill whatever their starting point. Providing clear line of sight to a new role / opportunity / contract.
- Diversifying the talent pipeline by targeting groups underrepresented in key sectors.

Skills Bootcamps are targeted at all adults aged 19+ who are in-work, self-employed, unemployed, returning to work after a career break and prisoners on temporary release or due to be released within six months. With a focus on specific priority groups.

This opportunity is specifically targeted at employers with innovative ideas for digital training that could open up opportunities for people to enter the industry. This could be upskilling the existing workforce and/or developing a pipeline for the wider industry.
