Changes to notice

This notice has been edited. The [previous version](#) is still available.

We have altered the time that submissions need to be received by, to 12noon.

Scope

Description

1. General Description

- The high-density stacking chair shall be designed for public and commercial environments such as conference rooms, event halls, and multi-use facilities. The chair must be ergonomic, durable, space-efficient, and easy to handle during setup and storage.
- 400 chairs are required as well as the necessary equipment to move 300 of these chairs.

2. Construction Requirements

2.1 Frame

- Material: High-strength steel or aluminium tubing.
- Finish: Powder-coated or chrome-plated for corrosion resistance and aesthetic durability.
- Welding: All joints must be fully welded or securely fastened to ensure structural integrity.

2.2 Seat and Backrest

- Material: A durable and wipeable material. Preference will be given to recycled and recyclable materials.
- Ergonomics: Contoured for user comfort for long periods.
- Colour Options: Range of standard colours required, with optional custom finishes

3. Performance and Durability

3.1 Durability

- Must comply with or exceed BS EN16139:2013 level 2: severe contract use

3.2 Linking

- The chairs should be able to be linked.

3.3 Floor Protection

- Non-marking glides or caps on legs.
- Optional ganging clips for connecting multiple chairs securely.

3.4 Stacking Capability

- Must stack a minimum of 20 chairs high on a dolly/cart.
- Without dolly: minimum of 8-10 chairs high, stable and secure.
- Chairs must not damage each other during stacking.

4. Portability and Handling

- Chairs must be easy to lift and move by one person.
- Stack cart/dolly must be compatible and available as an accessory.

5. Safety and Compliance

- Compliant with relevant fire and safety standards.
- No sharp edges or pinch points.
- Materials must be recyclable or meet sustainability criteria where possible.

6. Warranty

- Minimum 3-year warranty covering materials and workmanship under normal public use.

7. Other considerations

- The Council will require to see a sample of the proposed chair option(s) to test their comfort.

8. Date of supply

- The chairs need to be supplied to site in the month of August, 2025.

Total value (estimated)

- £30,000 excluding VAT
- £36,000 including VAT

Below the relevant threshold

Contract dates (estimated)

- 16 July 2025 to 1 August 2025
- 17 days

Options

The right to additional purchases while the contract is valid.

The council will consider the purchase of a number of tables in addition to the high-density stacking chairs. The suppliers should provide options for folding tables if they are available.
