Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Provision of Primary Medical Services at Kingfisher Surgery, Newport Pagnell, Milton Keynes

Reference number

AG22509

II.1.2) Main CPV code

- 85121100 - General-practitioner services

II.1.3) Type of contract

Services

II.1.4) Short description

NHS Arden and Greater East Midlands Commissioning Support Unit (AGCSU) on behalf of Bedfordshire, Luton and Milton Keynes Integrated Care Board (ICB) (referred to as the Commissioner) are seeking expressions of interest from providers who currently hold a general medical services (GMS) contract to deliver primary medical services at Kingfisher Surgery, Newport Pagnell, as a branch surgery with the current patient list (by allocation while noting patient registration choice) from 1st April 2024.

Please note practices outside the Bedfordshire, Luton and Milton Keynes area will need to ensure they have their home ICB's support for this opportunity.

Please note the deadline for ITT submissions is 12:00PM (Midday) on 13th December 2023.

The procurement will be advertised in accordance with the requirements of the Public Contracts Regulations 2015 (as amended) (the "Regulations") to the extent that the Regulations relate to services within the scope of Schedule 3 thereto (Social and Other Specific Services). The Commissioner and AGCSU are, therefore, bound only by those parts of the Regulations applying to Schedule 3 services.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKJ12 - Milton Keynes

Main site or place of performance

Elthorne Way, Newport Pagnell MK16 0JR

II.2.4) Description of the procurement

The commissioner has made a strategic decision not to re-procure practices with a weighted list size below approximately 10,000 patients as stand-alone APMS contracts, and to look at alternative contracting models. This is intended to ensure robust, resilient, and high-quality services for the population in the longer term, as we have found that smaller practices operated under APMS contracts in this area have frequently struggled with resilience and recruitment issues.

Kingfisher Surgery has an actual patient list size of 6798 and weighted 6425.44 as of September 2023. The ICB has a strong desire that the current premises located at Elthorne Way, Newport Pagnell MK16 0JR are maintained within primary care ensuring adequate access, capacity, and resilience for general practice services. The ICB has therefore decided the most appropriate way to achieve this aim is to offer this practice as a branch surgery with patient list to GMS providers, thus retaining the current premises with managed list dispersal to the successful bidder. Practices outside the Bedfordshire, Luton and Milton Keynes area will need to ensure they have their home ICB's support for this opportunity.

As a branch of the successful bidder's existing GMS contract, the annual contract value represented by the branch surgery will reflect global sum rates.

Please note in terms of the advertised contract length, this is a GMS contract, meaning it will be held in perpetuity despite what the contract end date may say in the notice due to system limitations.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

1 April 2024

End date

31 December 2033

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

The Contracting Authority will be using an eTendering system for this market engagement exercise. To express an interest and access the questionnaire go to the 'Live Opportunities' list on the e-tendering portal at the following link:
